Mr + Mrs. J. C. Collier,
Bamesville, Ga.

My dear Georgia Cousins:

Truly, those were beautiful gifts you sent me and so dear to a woman's heart. I have never seen rayon of so beautiful a quality and to know they were made in our own Southland and in a mill owned by a relative I ours makes us appreciate them all the more. All of our friends marvel at the lovely quality of the goods. I thank you so much, and hope to thank both of you in person this

next year, for we hope your interests will cause you to come to the Lone Star State and bring Mrs. Collier with you.

We have had such a pleasant Christmas - Mrs. Wilson - was with us and is quite well and has gone back to Douglasville - she is quite thrilled over prospect of filling every tenant house on her plantation this next year; so much has been lying idle in the past few years.

Let me thank you again for the beautiful gifts made in your own mill and wish for you both a happy and prosperous year ahead 1928.

Sincerely, Mr. & Mrs. Green Wilson.
